General School Information

This handbook is a summary of the school's rules and expectations, and is not a comprehensive statement of school procedures. This handbook can be amended during the school year without notice. The Board's comprehensive policy manual is available for public inspection through the District's website (www.mr238.org) or at the Board office, located at:

Monmouth-Roseville C.U.S.D. 238
105 North E. Street
Monmouth, Illinois 61462

Visitors

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

Equal Opportunity and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact: Superintendent Ed Fletcher.

Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

School Volunteers

All school volunteers must complete the "Volunteer Information Form" and be approved by the school principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

Emergency School Closings

In cases of bad weather and other local emergencies, please listen to any local radio or television station to be advised of school closings or early dismissals. School closings or early dismissals will be announced in a timely manner. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information.

For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal.

Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school principal. Parents/guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c. Sign the Diabetes Care Plan.
- d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the Building Principal.

Attendance

Illinois law requires that whoever has custody or control of any child between six and seventeen years of age (unless the child has already graduated from high school) shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session. Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

There are certain exceptions to the attendance requirement for children who: attend private school, are physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), are lawfully and necessarily employed, are between the ages of 12 and 14 while in confirmation classes, have a religious reason requiring absence, or are 16 or older and employed and enrolled in a graduation incentive program.

Student Absences

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's safety or health, or other reason as approved by the principal. Each student will be allowed five parentally excused absences a semester. All other absences including absences after the five parentally excused are considered unexcused. Pre-arranged excused absences must be approved by the principal.

An unacceptable reason for absence will result in an unexcused absence. Fake, false, or phony calls to excuse absences will result in an unexcused absence and disciplinary action. All absences must be verified. The school reserves the right to require medical excuses or other documentation. Students will be allowed to make-up schoolwork for the five parentally excused absences per semester provided *the parent notifies the school of the absence.*

Example #1: Student wakes up and does not feel well. Parent calls the student in sick, but does not visit a doctor or obtain a doctor's note. This would count as a parentally excused absence and the student will be allowed to make up schoolwork as long as they have not accumulated 5 parentally excused absences already in the semester.

Example #2: Student would like to go deer hunting. Student brings in deer tag to prove their eligibility to go hunting and parent calls the school notifying the school that they are aware of the activity. Student would be allowed to make up school work as long as they have not accumulated 5 parentally excused absences already in the semester.

Students will be required to have a medical excuse after 5 parentally excused absences in a semester to be able to complete make up work.

In the event of any absence, the student's parent or guardian is required to call the school at 309-734-5118 before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent or guardian cannot be contacted, the student will be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent or guardian, the reason for an absence will be kept confidential.

A student who is absent from school, or whose physician anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

Make-Up Work

If a student's absence is excused, he/she will be permitted to make up any missed work, including homework and tests. The student will be permitted the same number of days as he/she was absent to turn in the make-up work. The student is responsible for obtaining assignments from his/her teachers. Students who are unexcused from school will not be allowed to make up missed work.

Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss 5% or more of the prior 180 regular school days without valid cause (a recognized excuse) are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level.

The homework completion policy at Monmouth-Roseville High School requires all students to complete their homework and classroom assignments. Students that do not turn in required assignments or homework may be required to stay after school with the classroom teacher to complete the missing or incomplete work. This gives the students the opportunity to complete their work with the assistance of the classroom teacher and avoid the "Zero" in the gradebook. The students have two school days from the assignment due date to stay with the classroom teacher to complete the assignment. Students that choose to not stay with the

classroom teacher will receive an Office Referral that will result in a 1 hour detention. If the work is not completed at this time the student will then receive a “Zero” for the assignment.

Exemption from Physical Education Requirement

A student in grades 9-12 may submit a written request to the building principal requesting to be excused from physical education courses for the reasons stated below.

1. Enrollment in a marching band program for credit;
2. Enrollment in Reserve Officer’s Training Corps (ROTC) program sponsored by the District;
3. Ongoing participation in an interscholastic athletic program (student must be in the 11th or 12th grade);
4. Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 11th or 12th grade);
5. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade); or
6. Participation in an adaptive athletic program outside of the school, in the case of a student who have individualized educational plan.

Credit for Alternative Courses and Programs, and Course Substitutions

Correspondence Courses

A student enrolled in a correspondence course may receive high school credit for work completed, provided:

1. The course is given by an institution accredited by the North Central Association of Colleges and Secondary Schools;
2. The student is a fourth or fifth year senior;
3. The student assumes responsibility for all fees; and
4. The building principal approves the course in advance.

A maximum of 6 units of credit may be counted toward the requirements for a student’s high school graduation.

Credit for Proficiency

Proficiency credit is available in limited subjects where a student demonstrates competency. Contact the building principal for details.

Distance Learning Courses, Including Virtual or Online Courses

A student enrolled in a distance learning course, including a virtual or online course, may receive high school credit for work completed, provided:

1. The course is offered by an institution approved by the superintendent or designee;
2. The course is not offered at the student’s high school;
3. The student assumes responsibility for all fees (including tuition and textbooks); and
4. The building principal approves the course in advance.

Students may be limited as to the number of distance learning courses that apply toward high school credit. Grades earned in approved distance learning courses count toward a student’s grade point average, class rank, and eligibility for athletic and extracurricular activities. The district may pay the fee for expelled students who are permitted to take virtual or online courses in alternative settings.

Exchange Programs

An exchange student will be granted a diploma if he or she completes the criteria for graduation established by the State of Illinois and the School Board. The board may grant a certificate of attendance to exchange students.

District students will receive high school credit for foreign exchange courses that meet the criteria established in the curriculum and that are approved by the building principal. International study course work not meeting district requirements may be placed in the student’s permanent record and recorded as an international study experience.

Summer School and Independent Study

A student will receive high school credit for successfully completing: (1) any course given by an institution accredited by the North Central Association of Colleges and Secondary Schools, and (2) independent study in a curriculum area not offered by the District, provided the student obtains the consent of a supervising teacher as well as the building principal.

College Courses

A student who successfully completes community college courses may receive high school credit, provided:

1. The student is a senior in good academic standing;
2. The course is not offered in the high school curriculum;
3. The course is approved in advance by the student's guidance counselor and the building principal; and
4. The student assumes responsibility for all fees.

A maximum of 6 units of credit may be counted toward the requirements for a student's high school graduation.

Dual Credit Courses

A student who successfully completes a dual credit course may receive credit at both the college and high school level.

Foreign Language Courses

A student will receive high school credit by studying foreign language in an approved ethnic school program, provided such program meets the minimum standards established by the State Board of Education.

The amount of credit will be based on foreign language proficiency achieved. The building principal may require a student seeking foreign language credit to successfully complete a foreign language proficiency examination.

Military Service

The board may accept military service experience as credit toward graduation, provided the student making the request has a recommendation from the U.S. Commission of Accreditation of Service Experiences. The student seeking credit shall supply any documents or transcripts necessary to support the request.

Volunteer Service Credit Program

A student may earn high school credit through community service activities. The Superintendent shall implement the volunteer service credit program to ensure student enrichment, educational growth, and personal welfare. Students shall receive the amount of credit given for the completion of one semester of language arts, math, science, or social studies.

Youth Apprenticeship Vocational Education Program (Tech Prep)

Students participating in the Youth Apprenticeship Vocational Education Program (Tech Prep) may earn credit toward graduation for work-related training received at manufacturing facilities or agencies.

Vocational Academy

Students enrolled in the Vocational Academy earn credit toward graduation as provided in the Academy's design.

Substitutions for Courses

A student in grades 9-12 may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing related vocational or technical education courses if:

1. The building principal approves the substitution and the vocational or technical education course is completely described in curriculum material along with its relationship to the required course; and
2. The student's parent/guardian request and approve the substitution in writing on forms provided by the district.

Early Graduation

Students who will have successfully completed graduation requirements after seven (7) semesters may petition to graduate. Applications must be submitted to the principal prior to mid-term of the student's seventh semester.

Early graduates must take full responsibility to make arrangements with the high school office for anything pertaining to the graduation ceremony. (i.e. announcements, cap and gown rental, graduation practices, etc.)

Any student enrolled in an off-campus course to fulfill graduation requirements must show documentation of such course(s) by the last day of the seventh semester. Failure to produce this documentation will result in denial of the early graduation petition.

The student and a parent will schedule a conference with the Principal and the senior counselor prior to mid-term of the student's seventh semester. At the conference the student should be prepared to justify his/her request to graduate early.

High School Graduation Requirements

To graduate from high school, unless otherwise exempted, each student is responsible for:

1. Completing all District graduation requirements.
2. Completing all courses described below, as determined by when the student entered the 9th grade.
3. Passing an examination on patriotism and principles of representative government, proper use of the flag, methods of voting, and the Pledge of Allegiance.
4. Taking the state required standardized test.

All individuals must be enrolled as full-time students while in school, except for fifth-year students, students with IEP stipulations, or in cases of extreme hardship, where administrative decision may permit a deviation from this stipulation. A student must be enrolled in a physical education class each semester he/she is enrolled in school except when assigned Health/Drivers Education unless excused as a junior or senior under Policy 6:310.

To receive a diploma from Monmouth-Roseville High School, each student must present the following credentials:

MRHS requirements to graduate for the class of 2010 and beyond

4 units of English (English I and English II required)

2 units of Science

3 units of Math (Geometry content and Algebra I required)

2 units of Social Science (½ Economics, 1 U.S. History/Gov.)

1 unit Voc/Art/Music/Foreign Language

½ unit Health

10½ electives

23 total credits

PE is required; PE exemption is an option (see page 4 for PE exemption)

Policy Adopted: 6/14/05

School Board Policy 7:340 on students records, which includes the right to review and challenge student records and copy them, is available at any school office of the Superintendent's Office.

The above requirements do not apply students with disabilities whose course of study is determined by an Individualized Education Program.

Fines, Fees, and Charges; Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if the student currently lives in a household that meets the income guidelines, with the same limits based on the household size, that are used for the federal free meals program.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

Within 30 days, the building principal will notify the parent/guardian if the fee waiver request has been denied, along with the appropriate appeal process. If you have questions regarding the fee waiver process, you may contact the building principal..

For Extracurricular Activity fees see page 19.

Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

In the interest of the student's safety and in compliance with State law, students are expected to observe the following rules:

1. Choose a seat and sit in it immediately upon entering the bus. Do not stand in the entrance or in the aisle.
2. Do not move from one seat to another while on the bus.
3. Keep all parts of the body and all objects inside the bus.
4. Loud conversation, singing, boisterous conduct, unnecessary noise or profanity is not allowed.
5. Enter and exit the bus only when the bus is fully stopped.
6. All school rules apply while on the bus, at a bus stop, or waiting for the bus.
7. Use emergency door only in an emergency.
8. In the event of emergency, stay on the bus and await instructions from the bus driver.
9. Good behavior and behavior that will not distract the bus driver from operating the bus safely is required. Crowding, pushing, scuffling, and other needless commotion are grounds for disciplinary action.
10. Do not open windows.
11. Keep the bus neat and clean.
12. Athletic footwear equipped with cleats or spikes are not allowed on the bus.
13. Inappropriate behavior will be reported to school authorities and failure to observe safety rules may result in suspension from bus services.
14. Be waiting at your bus stop on time.
15. Never tamper with, damage, or deface anything in or on the bus, or any of the bus or school equipment.

New students who register mid-term shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering Kindergarten or the school for the first time must present proof before October 15 of the current school year of an eye examination performed within one year prior to entry of Kindergarten or the school. Dental Examination

All children entering Kindergarten and the second and sixth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year. In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district’s student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student’s age and sex, and the nature of the infraction.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

District 238 Interscholastic Activities

The philosophy at Monmouth-Roseville CUSD #238 is that athletics and other activities are integral parts of the school's educational program. They provide experiences that will help young men and women grow physically, mentally and emotionally. Students are stimulated to win and excel, but the principles of good sportsmanship prevail at all times to promote the educational value of each contest. Competition and winning are kept in perspective so as not to determine the nature of a program.

Participation in activities both as a player and an observer is an important part of the student learning experience. This participation is a privilege that carries with it responsibilities to team, school, community and self. In their play and in their conduct, these experiences contribute to the knowledge, skill and emotional growth of each student.

Participation in interscholastic activities, however, is a privilege and not a right. Any student who tries out for a team must understand that his/her selection to the team, selection to dress, playing time and positioning is solely up to the coach or sponsor.

If during the season a team member or parent has a concern about a matter relating to the team or activity, he/she should make an appointment to meet with the coach or sponsor. Meetings between parents and coaches immediately following a contest, however, are seldom productive. Meeting to discuss concerns should be held at a scheduled time mutually convenient to both the parent and the coach/sponsor. If an issue exists that is not remedied at the parent-coach level, the parent may then choose to meet with the athletic director and then the building principal. If still unresolved, the matter may be appealed to the superintendent or ultimately the Board of Education. When parties exhibit professionalism, common respect and objectivity, we find that almost all issues can and should be resolved at the parent-coach level.

Athletics/Extracurricular Rules & Code of Conduct

The Extracurricular Code applies to all students who want to participate in extracurricular activities to include but not limited to: athletics, band, chorus, Student Body Association, class officers, school plays, Scholastic Bowl, Speech, and all clubs (some events are required for course credit and are exempt from these requirements). Athletics includes competitive sports, extracurricular activities and cheerleading. This code applies in addition to other rules and regulations concerning student conduct and imposes additional requirements on students that choose to participate in extracurricular activities.

Participation in athletics/extracurricular activities is a privilege. Those who participate in athletics/extracurricular activities have a responsibility to favorably represent the school and community. Student athletes are expected to conduct themselves both in and out of school in a manner appropriate to their responsibilities as representatives of the school and district. If a student fails to comply with the terms of this code, the privilege to participate in athletics may be lost in accordance with the terms of this Athletic/Extracurricular Code.

For the purpose of this document any student that is participating in an extracurricular activity will be referred to as an athlete.

Eligibility

1. If a student is passing all classes then he/she is eligible to participate in all extracurricular activities.
2. If a student is failing 1 class and attends Study Table then he/she is eligible to participate in all extracurricular activities.
3. If a student is failing two or more classes, the student is ineligible for all extracurricular activities.
4. If a student is failing two or more classes at the end of a semester the student is ineligible for the next semester.
5. Coaches/Sponsors may remove students that have multiple ineligibilities during the season.

Study Table

Study Table is a guided study hall that meets from 3:05-3:25 (11:15-11:35 on half day) on Tuesdays and Thursdays. Students are required to bring work to complete during this time. If a student that has been assigned to Study Table fails to report he/she will not be eligible to participate in practice or games. Study table is in effect when a student is in season or actively participating in an activity.

Requirements for Athletic/Extracurricular Participation

An athlete must have the following fully executed documents on file at the school office before the athlete's first participation in any activity:

1. A current physical examination report completed by a physician licensed in Illinois to practice medicine in all its branches which finds the athlete is physically able to participate; and
2. A permission slip to participate in the specific sport in which the athlete intends to participate signed by the athlete's parent or guardian; and
3. Proof the athlete is covered by medical insurance; and
4. A receipt showing the athlete and his/her parents received a copy of the Athletic/Extra Curricular Code, understand the terms of the Athletic/Extracurricular Code and agree to abide by its terms and conditions.
5. A signed agreement by the student not to use any drugs on the IHSA's most current banned drug classes list and an agreement to take part in random testing for these substances.
6. A signed agreement by the student's parent or guardian authorizing random performance-enhancing substance testing and recognizing the dangers of drug use.

Behavioral Conduct

Misconduct by student athletes will not be tolerated. Misconduct shall include but shall not be limited to:

- a. Insubordination; or
- b. Any behavior or action which is negligently or intentionally injurious to a person or property or which places a person or property at risk of injury or damage; or
- c. Any behavior which disrupts the appropriate conduct of a school program or activity; or
- d. Hazing, bullying, or harassment of any kind; or
- e. Use of profanity; or
- f. Exhibition of bad sportsmanship; or

- g. Violation of any school rules or regulations or law.

Coaches and school officials will impose disciplinary measures appropriate to the offenses committed. The discipline imposed for any particular offense shall be at the sole and exclusive discretion of the coaching staff and school officials.

Drugs, Alcohol and Tobacco

Except with respect to prescription drugs used by the person for whom such drugs were prescribed in the manner intended by the prescribing medical doctor, the possession, use, distribution, purchase or sale of any alcoholic beverage, drug, drug paraphernalia, controlled substance, look alike, tobacco or tobacco product or any other substance which, when taken into the human body is intended to enhance performance or alter mood or mental state, including any item or substance which is represented by a student to be, or is believed by a student to be any of the foregoing, regardless of the true nature or appearance of the substance, is prohibited in school buildings, on school buses and on all other school property or school related events at any time. This prohibition shall include all school sponsored or school related activities, whether held before or after school, evenings or weekends and shall additionally include a prohibition of use by a student athlete in any instance where the school can demonstrate a reasonable connection to the school program or school athletic program. For purposes of this procedure, students who are under the influence of prohibited substances shall be treated in the same manner as though they had prohibited substances in their possession.

Rules in Effect

The rules set forth in this Athletic/Extracurricular Code are in effect throughout the calendar year and twenty-four hours a day, whether or not school is in session and including vacation periods, and holidays. The rules apply on and off campus and whether or not the misconduct occurs at school or a school-sponsored activity or in some other locale. The rules apply from the beginning of the athlete's first tryout or practice in the first sport/extracurricular activity which the athlete attempts until the completion of the athlete's athletic eligibility in all sports/extracurricular activities.

Absence from School on Day of Activity

A student must be present for the full day of school on the day of an activity to be eligible to participate in that activity. Exceptions may be made by the coach: 1) for a medical absence pre-arranged with the coach or 2) for a death in the athlete's family. An athlete who has one or more truancies or who has been suspended from school may be suspended from participation in athletic activities by administration.

An athlete who is absent from school on a Friday before a Saturday event may be withheld from Saturday activities at the sole discretion of the coach.

Travel

All athletes shall travel to athletic events and return home from athletic events with the team on which the athlete competes by use of school approved means of transportation. A written waiver of this rule may be issued by a coach or administrator upon advance written request of an athlete's parent or guardian and provided the parent or guardian appears and accepts custody of the athlete. In no case shall a waiver be issued unless the alternate means of transportation anticipated by the waiver will be provided by the parent. Oral requests shall not be honored and oral permissions shall not be valid.

Any student athlete found to be in violation of this policy shall be subject to discipline in accordance with the school district's athletic discipline policies, rules and regulations as provided herein.

Penalties

If a participant is suspected of violating the Athletic/Extracurricular Activities Code of Conduct the Athletic Director, Assistant Principal, Principal, or coach/sponsor shall investigate the matter and shall provide the participant an opportunity to explain the conduct prior to imposition of a suspension.

A suspension from an athletic event is for the entire day. (A double header or multi-team tournament would count as one event.)

The first violation of the substance policy or other illegal or criminal acts will result in suspension for one-fourth (25%) of the contests played in that sport or extra-curricular activity. If the participant does not complete the suspension during the season of the penalty, he/she must complete it during the next season of participation. If for example, a sport has a 24 game season, the suspension period for a first offense would be 6 games.

The second violation will result in suspension for one complete season (or pro-rated portions of two seasons not to exceed 100%). Or, at the option of the participant, the suspension will be one half season (or pro-rated portions of two seasons not to exceed 50%) if the participant goes through a school-approved assessment and counseling program at the expense of the student/parent and successfully completes the assessment or counseling program. During the suspension, the student athlete will

be required to participate in practices and team meetings and all activities of that activity except participation in actual games or contests at the request of the coach of the sport. The student must complete the season(s) in good standing for the suspension to have been successfully served. If the student is removed from the team(s) for additional violations or actions, or leaves on his/her own accord, the suspension will not have been successfully served and will be implemented the next season in which the student participates.

The third violation will terminate the student from participation at Monmouth-Roseville High School in athletics/extracurricular activities covered by this Code of Conduct.

Students participating in plays or musicals, either as performers or as support personnel, shall be subject to the Athletic/Extracurricular Activities Code of Conduct pertaining to drugs, alcohol, and other issues of behavior regarding unlawful conduct, as follows:

1. First offense occurs while no play or musical is in rehearsal—ineligible for upcoming play or musical
2. First offense occurs while play or musical is in first three weeks of rehearsal—removal from company
3. Second offense occurs while no play or musical is in rehearsal—ineligible for next play and next musical
4. Second offense occurs while play or musical is in first three weeks of rehearsal—removal from company and ineligible for next play or musical

First and second offenses occur while play is in rehearsal (regardless of which week of rehearsal)—removal from company and ineligible for next play or musical

Third offense—immediate ineligibility for rest of high school career

Administrative Review

A student may request their record to be expunged in the event an athletic infraction is found to have been imposed based on erroneous information. The high school Principal may review the pertinent information to determine if such an error has been made, and expunge the infraction.

Reinstatement Process

A student who has received the three strike, no participation penalty may after at least six months of their non-participation period and prior to the beginning of the next competitive season, may request reinstatement of their eligibility. The student must notify the superintendent of their desire to seek reinstatement and gain probationary status. The Superintendent will schedule a Reinstatement Hearing to take place within 10 days of the student's request. The same process will be used as for athletic appeal hearings. During the hearing, the student will make a case for probationary reinstatement. The committee will determine if the student is to be reinstated immediately, reinstated after a designated period of time (i.e. a one year suspension period), or not reinstated and their decision will be final. A student that regains probationary status and is guilty of another violation of the Extracurricular Code of Conduct shall be suspended from all extracurricular activities the remainder of their high school career.

Forthright Clause

A student who is in violation of this extracurricular code of conduct has the opportunity to come forward and admit guilt for the offense, and thus, receive a 50% reduction in the number of contests suspension will occur.

1. The student will be given only until the conclusion of the next school day to come forward with this admission of guilt. If school is not in session at the time of the offense, the student must make contact with a member of the athletic department or administration within two days of the offense.
2. This forthright clause is applicable for the first offense only.

Attendance at School Dances

Attendance at school-sponsored dances is a privilege. Any student that is suspended from school will not be allowed to attend the dance.

No person shall accompany any Monmouth-Roseville High School student as a guest to a school sponsored dance who is over twenty years of age unless special permission is obtained from the Principal. No person younger than a freshman in high school may attend a school sponsored dance.

Any Monmouth-Roseville student wishing to attend any school sponsored dance must be in good attendance and meet eligibility requirements. Any student that has been determined to be a "Chronic Truant" by Illinois State Board of Education's definition will not be allowed to participate.

Anyone attending a school sponsored dance is required to arrive on time and stay for the duration of the dance. If a student arrives more than 30 minutes late, or wishes to leave an hour or more prior to the end of the dance, that student will be required to

make parental contact before he/she will be allowed to leave/enter the venue.

All school rules, including the school's discipline code and dress code are in effect during school-sponsored dances. In particular, students shall not:

1. Use, possess, distribute, purchase, or sell tobacco materials.
2. Use, possess, distribute, purchase, or sell alcoholic beverages.
3. Use, possess, buy, sell, barter, or distribute any illegal substance or paraphernalia;
4. Use, possess, buy, sell, barter, or distribute any object that is or could be considered a weapon or any item that is a "look alike" weapon.
5. Vandalize or steal;
6. Haze other students;
7. Behave in a manner that is detrimental to the good of the school; or
8. Be insubordinate or disrespectful toward teachers and chaperones.

Students who violate the school's discipline code will be required to leave the dance immediately and the student's parent/guardian will be contacted. The school may also impose other discipline as outlined in the school's discipline code.

Student Athlete Concussions and Head Injuries

A student athlete who exhibits signs, symptoms, or behaviors consistent with a concussion in a practice or game will be removed from participation or competition at that time. A student athlete who has been removed from an interscholastic contest for a possible concussion or head injury may not return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer. If not cleared to return to that contest, a student athlete may not return to play or practice until the student athlete has provided his or her school with written clearance from a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois.

Education of Children with Disabilities

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term "children with disabilities" means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication "Explanation of Procedural Safeguards Available to Parents of Students with Disabilities" may be obtained from the school district office.

The school and district will comply with the Individuals with Disabilities Education Act (IDEA) and the Illinois State Board of Education's *Special Education* rules when disciplining students with disabilities. Behavioral interventions will be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability as determined through a manifestation hearing. Any special education student whose gross disobedience or misconduct is not a manifestation of his or her disability may be expelled pursuant to the expulsion procedures.

A student in grades 3-12 who is eligible for special education may be excused from physical education courses if:

1. The student's parent/guardian agrees that the student must utilize the time set aside for physical education to receive special education support and services,

2. The student's Individualized Education Program team determines that the student must utilize the time set aside for physical education to receive special education support and services. The agreement or determination must be made a part of the Individualized Education Program; or
3. The student has an Individualized Education Program and is participating in an adaptive athletic program outside of the school setting, and the student's parent or guardian documents this participation.

A student requiring adapted physical education will receive that service in accordance with the student's Individualized Education Program.

A student with a disability who has an Individualized Education Program prescribing special education, transition planning, transition services, or related services beyond the student's 4 years of high school, qualifies for a certificate of completion after the student has completed 4 years of high school. The student is encouraged to participate in the graduation ceremony of his or her high school graduation class.

The parent/guardian of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child.

For further information, please contact the school principal.

Student Privacy Protections

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Sexual behaviors or attitudes.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine program eligibility.

The student's parent/guardian may inspect the survey or evaluation upon, and refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s school records. They are:

1. The right to inspect and copy the student’s education records within 15 school days of the day the District receives a request for access.

The degree of access a student has to his or her records depends on the student’s age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. The principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. The right to request removal from the student’s academic transcript one or more scores received on college entrance examinations.

A parent/guardian or eligible student may ask the District to remove certain scores of college entrance exams from their student’s academic transcript. Students often take college entrance examinations multiple times in order to improve their results. Test publishers provide the results from each examination taken to the student’s high school. Schools must include each of these scores on the student’s transcript, which may result in academic transcripts having multiple scores from a single college entrance exam. A parent/guardian or eligible student may not want certain scores to be sent to postsecondary institutions to which the student applies. To request the removal of scores on college entrance examinations, the parent/guardian or eligible student must submit a written request stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be removed.

3. The right to request the amendment of the student’s education records that the parent/ guardian or eligible student believes is inaccurate, irrelevant, or improper.

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student’s education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student’s records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary

records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. The right to prohibit the release of directory information.

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Gender
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7. The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the parent/guardian, or student who is 18 years of age or older, request that the information not be disclosed without prior written consent. If you wish to exercise this option, notify the building principal.

8. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.

9. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington DC 20202-4605

Teacher Qualifications

Parents/guardians may request information about the qualifications of their child's teachers and paraprofessionals, including:

- Whether the teacher has met State certification requirements;
- Whether the teacher is teaching under an emergency permit or other provisional status by which State licensing criteria have been waived;
- The teacher's college major;
- Whether the teacher has any advanced degrees and, if so, the subject of the degrees; and
- Whether any instructional aides or paraprofessionals provide services to your child and, if so, their qualifications.

If you would like to receive any of this information, please contact the district office, 309-734-4712..

Homeless Child's Right to Education

When a child loses permanent housing and becomes a homeless person as defined at law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

- (1) continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
- (2) enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

Sex Education Instruction

Students will not be required to take or participate in any class or course in comprehensive sex education if his or her parent or guardian submits a written objection. The parent or guardian's decision will not be the reason for any student discipline, including suspension or expulsion. Nothing in this Section prohibits instruction in sanitation, hygiene or traditional courses in biology.

Parents or guardians may examine the instructional materials to be used in any district sex education class or course.

Parental Involvement (Title I)

The school annually has a meeting for all Parents/Guardians, which takes place during fall parent teacher conferences. You will be contacted by your building principal.

At the meeting, the school will discuss parental involvement, and opportunities for Parents/Guardians to get involved in the education of their children. Parents/Guardians are encouraged to attend the meeting and participate in the discussions that occur. Parents/Guardians should use the meeting as an opportunity to ask questions, make suggestions, and learn about all of the opportunities and programming available for Parents/Guardians to be fully involved in the educational process.

The school and its teachers provide meetings, including parent/teacher conferences, at flexible times to accommodate a variety of parent schedules. Parents/Guardians will be given notice of meeting availability at the beginning of each year, and at least two weeks before conferences or other regularly scheduled meetings, to provide sufficient opportunity to schedule and attend meetings with teachers. Additionally, teachers are available regularly to meet with parents/guardians to discuss the success of their child. Parents/Guardians are encouraged to inquire about available meeting times, and to work with teachers. Parents/Guardians will be involved in an organized and timely way when any programs are created, considered, or altered, and will be continually involved in the ongoing development of programming, curriculum, and policy.

The school provides Parents/Guardians with access to:

- (a) school performance profiles required by Federal law and their child's individual student assessment results, including an interpretation of such results;
- (b) a description and explanation of the curriculum in use at the school, the forms of assessment used to measure student progress, and the proficiency levels students are expected to meet;
- (c) opportunities for regular meetings to formulate suggestions, share experiences with other Parents/Guardians, and participate as appropriate in decisions relating to the education of their children if such Parents/Guardians so desire; and
- (d) timely responses to suggestions.

Everyone is responsible for the success of the students of the school. While the school provides the best education we can, it is critical to the success of students that parents assist us in meeting the goals of education set forth by the state, the federal government and ourselves.

In order to better assist in educating the students, we need the help of all parents and guardians. We ask that you help us educate children by monitoring attendance, homework completion, and television watching; by volunteering in your child's classroom; and participating, as appropriate, in decisions relating to the education of children and positive use of extracurricular time.

The school endeavors to do its best to provide all information in the language best understood by parents and guardians. Questions about language alternatives should be directed to Kyle Lewis at 734-2222.

Parents/Guardians of participating children have a right to appeal the contents of this policy. The district will submit any parent comments when this plan is submitted to the State. Any questions or concerns should be directed to Kyle Lewis at 734-2222.

The state's resources on parental involvement can be located at <http://illinoisparents.org/>. Sex Offender Notification Law

State law prohibits a convicted child sex offender from being present on school property when children under the age of 18 are present, except for in the following circumstances as they relate to the individual's child(ren):

1. To attend a conference at the school with school personnel to discuss the progress of their child.
2. To participate in a conference in which evaluation and placement decisions may be made with respect to their child's special education services.
3. To attend conferences to discuss issues concerning their child such as retention or promotion.

In all other cases, convicted child sex offenders are prohibited from being present on school property unless they obtain written permission from the superintendent or school board.

Anytime that a convicted child sex offender is present on school property – including the three reasons above - he/she is responsible for notifying the principal's office upon arrival on school property and upon departure from school property. It is the responsibility of the convicted child sex offender to remain under the direct supervision of a school official at all times he/she is in the presence or vicinity of children.

A violation of this law is a Class 4 felony.
