General School Information

This handbook is a summary of the school's rules and expectations, and is not a comprehensive statement of school procedures. This handbook can be amended during the school year without notice. The Board's comprehensive policy manual is available for public inspection through the District's website (www.mr238.org) or at the Board office, located at:

Monmouth-Roseville C.U.S.D. 238
105 North E. Street
Monmouth, Illinois 61462

Visitors

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

Equal Opportunity and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact: Superintendent Ed Fletcher.

Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

School Volunteers

All school volunteers must complete the "Volunteer Information Form" and be approved by the school principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

Emergency School Closings

In cases of bad weather and other local emergencies, please listen to any local radio or television station to be advised of school closings or early dismissals. School closings or early dismissals will be announced in a timely manner. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information.

For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal.

Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school principal. Parents/guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c. Sign the Diabetes Care Plan.
- d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the Building Principal.

Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of school district's policy, is posted on the school district website. Information can also be obtained from the school office.

Attendance

Illinois law requires that whoever has custody or control of any child between six and seventeen years of age (unless the child has already graduated from high school) shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session. Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

There are certain exceptions to the attendance requirement for children who: attend private school, are physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), are lawfully and

necessarily employed, are between the ages of 12 and 14 while in confirmation classes, have a religious reason requiring absence, or are 16 or older and employed and enrolled in a graduation incentive program.

Student Absences

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's safety or health, attending a military honors funeral to sound TAPS, or other reason as approved by the principal. Each student will be allowed five parentally excused absences a semester. All other absences including absences after the five parentally excused are considered unexcused. Pre-arranged excused absences must be approved by the principal.

Generally speaking, a student's parent or guardian may excuse him/her from school (for all or part of the day), and the parent phone call will be honored by the school. If, however, a student's absenteeism becomes excessive (more than 5 absences per semester), the school will request a doctor's verification or other documentation before any future absences are excused. The cooperation of a student's parent or guardian is requested in helping him/her maintain a good attendance record. Illness, family emergencies, and doctor or dental appointments are the only absences that will be excused on a daily basis. **ALL REASONS WILL BE EVALUATED BY APPROPRIATE SCHOOL OFFICIALS.**

Students will be allowed to make-up schoolwork for all excused absences, provided *the parent notifies the school of the absence*. Students with unexcused absences will not be allowed to make up the missed work for credit. If a student is unexcused for a full day they will be issued an ISS. If the student misses a half day or less, the student will be issued a detention.

In the event of any absence, the student's parent or guardian is required to call the school at 309-734-5118 before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent or guardian cannot be contacted, the student will be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent or guardian, the reason for an absence will be kept confidential.

A student who is absent from school, or whose physician anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

Make-Up Work

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. The student will be permitted the same number of days that he/she was absent to turn in the make-up work. The student is responsible for obtaining assignments from his/her teachers. Students who are unexcused from school will not be allowed to make up missed work.

Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss 5% or more of the prior 180 regular school days without valid cause (a recognized excuse) are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level.

The homework completion policy at Monmouth-Roseville High School requires all students to complete their homework and classroom assignments. Students that do not turn in required assignments or homework may be required to stay after school with the classroom teacher to complete the missing or incomplete work. This gives the students the opportunity to complete their work with the assistance of the classroom teacher and avoid the "Zero" in the gradebook. The students have two school days from the assignment due date to stay with the classroom teacher to complete the assignment. Students that choose to not stay with the classroom teacher will receive an Office Referral that will result in a 1 hour detention. If the work is not completed at this time the student will then receive a "Zero" for the assignment.

Exemption from Physical Education Requirement

A student in grades 9-12 may submit a written request to the building principal requesting to be excused from physical education courses for the reasons stated below.

1. Enrollment in a marching band program for credit;
2. Enrollment in Reserve Officer's Training Corps (ROTC) program sponsored by the District;
3. Ongoing participation in an interscholastic athletic program (student must be in the 11th or 12th grade);
4. Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 11th or 12th grade);
5. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade); or
6. Participation in an adaptive athletic program outside of the school, in the case of a student who have individualized educational plan.

Students may also be excused from physical education courses on medical or religious prohibitions. Excusal requests based on medical prohibitions must be in writing and must include a signed statement from a person licensed under the Medical Practices Act corroborating the medical basis for the request. Excusal requests based on religious prohibitions must be in writing and must include a signed statement from a member of the clergy corroborating the religious basis of the request. Excusal requests based on medical or religious prohibitions will be reviewed on an individual basis in accordance with State and Federal law.

Credit for Proficiency, Non-District Experiences and Course Substitutions

Credit for Non-District Experiences: A student may receive high school credit for successfully completing any of the listed courses or experiences even when it is not offered in or sponsored by the District:

1. Distance learning course, including a correspondence, virtual, or online course.
2. Courses in an accredited foreign exchange program.
3. Summer school or community college courses.
4. College courses offering dual credit courses at both the college and high school level.
5. Work-related training at manufacturing facilities or agencies in a Youth Apprenticeship Vocational Education Program (Tech Prep).
6. Credit earned in a Vocational Academy.

Students must receive pre-approval from the building principal or designee to receive credit for any non-District course or experience. The building principal or designee will determine the amount of credit and whether a proficiency examination is required before the credit is awarded. Students assume responsibility for any fees, tuition, supplies, and other expenses. Students are responsible for (1) providing documents or transcripts that demonstrate successful completion of the experience, and (2) taking a proficiency

examination, if requested. The building principal or designee shall determine which, if any, non-District courses or experiences, will count toward a student's grade point average, class rank, and eligibility for athletic and extracurricular activities.

Early Graduation

Students who will have successfully completed graduation requirements after seven (7) semesters may petition to graduate. Applications must be submitted to the principal prior to mid-term of the student's seventh semester.

Early graduates must take full responsibility to make arrangements with the high school office for anything pertaining to the graduation ceremony. (i.e. announcements, cap and gown rental, graduation practices, etc.)

Any student enrolled in an off-campus course to fulfill graduation requirements must show documentation of such course(s) by the last day of the seventh semester. Failure to produce this documentation will result in denial of the early graduation petition.

The student and a parent will schedule a conference with the Principal and the senior counselor prior to mid-term of the student's seventh semester. At the conference the student should be prepared to justify his/her request to graduate early.

High School Graduation Requirements

To graduate from high school, unless otherwise exempted, each student is responsible for:

1. Completing all District graduation requirements.
2. Completing all courses described below, as determined by when the student entered the 9th grade.
3. Passing an examination on patriotism and principles of representative government, proper use of the flag, methods of voting, and the Pledge of Allegiance.
4. Taking the state required standardized test.

All individuals must be enrolled as full-time students while in school, except for fifth-year students, students with IEP stipulations, or in cases of extreme hardship, where administrative decision may permit a deviation from this stipulation. A student must be enrolled in a physical education class each semester he/she is enrolled in school except when assigned Health/Drivers Education unless excused as a junior or senior under Policy 6:310.

To receive a diploma from Monmouth-Roseville High School, each student must present the following credentials:

MRHS requirements to graduate

4 units of English (English I and English II required)

2 units of Science

3 units of Math (Geometry content and Algebra I required)

2 units of Social Science (½ Economics, 1 U.S. History/Gov.)

1 unit Voc/Art/Music/Foreign Language

½ unit Health

10½ electives

23 total credits

PE is required; PE exemption is an option (see page 8 for PE exemption)

Policy Adopted: January 2017

School Board Policy 7:340 on students records, which includes the right to review and challenge student records and copy them, is available at any school office of the Superintendent's Office.

The above requirements do not apply to students with disabilities whose course of study is determined by an Individualized Education Program.

Fines, Fees, and Charges; Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if the student currently lives in a household that meets the income guidelines, with the same limits based on the household size, that are used for the federal free meals program.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

Within 30 days, the building principal will notify the parent/guardian if the fee waiver request has been denied, along with the appropriate appeal process. If you have questions regarding the fee waiver process, you may contact the building principal..

For Extracurricular Activity fees see page 23.

Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in single file without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus unless a student uses headphones.
6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
7. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
8. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
9. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.

10. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
11. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

For questions regarding school transportation issues, contact: Barry Trone: 309-426-2311

Bus Conduct

Students are expected to follow all schools when riding the school bus. A student may be suspended from riding the bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Violating any school rule or school district policy.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the building principal deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons.

Parking

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Students may park their vehicles in the student lot located at corner of South B Street and West 1st Ave. between the hours of 7:30AM and 6:30PM. Vehicles must be parked between the painted lines, and must be driven under the speed limit of 10 miles per hour while in the lot. Vehicles should be driven safely and must yield to pedestrians. Vehicles parked outside painted lines or designated parking spots may be ticketed or towed at the discretion of the school, at the vehicle owner's expense. Students caught driving recklessly in the parking lot may be subject to disciplinary action.

The lots designated Faculty are for school staff, personnel, and others designated by administration. These lots MAY NOT be used by students at any time. Student vehicles parked in these lots may be ticketed or towed at the discretion of administration.

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. **STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK.** Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in cars parked on school grounds. School lots are regularly searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school.

Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

Immunization, Health, Eye and Dental Examinations

Required Health Examinations and Immunizations

All students are required to present appropriate proof that the student received a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering Kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

The required health examinations must include a diabetes screening (diabetes testing is not required) and a statement from a physician assuring "risk-assessed" or screened for lead poisoning.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering Kindergarten or the school for the first time must present proof before October 15 of the current school year of an eye examination performed within one year prior to entry of Kindergarten or the school. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All children entering Kindergarten and the second and sixth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year. Failure to present proof allows the school to hold the child's report card until the student presents: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Religious or medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Health examination or immunization requirements on medical grounds if a physician provides written verification;
3. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
4. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

Guidance & Counseling

The school provides a guidance and counseling program for students. The school's counselors are available to those students who require additional assistance.

22. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to:

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.

4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.

Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), “look-alikes,” alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student’s ability to learn and a school’s ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the school counselor or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

Sexual Harassment Prohibited

Sexual harassment of students is prohibited. A person engages in sexual harassment whenever he or she makes sexual advances, requests sexual favors, and/or engages in other verbal or physical conduct, including sexual violence, of a sexual or sex-based nature, imposed on the basis of sex, that:

Access to Student Social Networking Passwords & Websites

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district’s student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student’s age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates the school’s disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

District 238 Interscholastic Activities

The philosophy at Monmouth-Roseville CUSD #238 is that athletics and other activities are integral parts of the school's educational program. They provide experiences that will help young men and women grow physically, mentally and emotionally. Students are stimulated to win and excel, but the principles of good sportsmanship prevail at all times to promote the educational value of each contest. Competition and winning are kept in perspective so as not to determine the nature of a program.

Participation in activities both as a player and an observer is an important part of the student learning experience. This participation is a privilege that carries with it responsibilities to team, school, community and self. In their play and in their conduct, these experiences contribute to the knowledge, skill and emotional growth of each student.

Participation in interscholastic activities, however, is a privilege and not a right. Any student who tries out for a team must understand that his/her selection to the team, selection to dress, playing time and positioning is solely up to the coach or sponsor.

If during the season a team member or parent has a concern about a matter relating to the team or activity, he/she should make an appointment to meet with the coach or sponsor. Meetings between parents and coaches immediately following a contest, however, are seldom productive. Meeting to discuss concerns should be held at a scheduled time mutually convenient to both the parent and the coach/sponsor. If an issue exists that is not remedied at the parent-coach level, the parent may then choose to meet with the athletic director and then the building principal. If still unresolved, the matter may be appealed to the superintendent or ultimately the Board of Education. When parties exhibit professionalism, common respect and objectivity, we find that almost all issues can and should be resolved at the parent-coach level.

Student Privacy Protections

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.

3. Sexual behaviors or attitudes.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine program eligibility.

The student's parent/guardian may inspect the survey or evaluation upon, and refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. The right to inspect and copy the student's education records within 15 school days of the day the District receives a request for access.

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. The principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. The right to request removal from the student's academic transcript one or more scores received on college entrance examinations.

A parent/guardian or eligible student may ask the District to remove certain scores of college entrance exams from their student's academic transcript. Students often take college entrance examinations multiple times in order to improve their results. Test publishers provide the results from each examination taken to the student's high school. Schools must include each of these scores on the student's transcript, which may result in academic transcripts having multiple scores from a single college entrance exam. A parent/guardian or eligible student may not want certain scores to be sent to postsecondary institutions to which the student applies. To request the removal of scores on college entrance examinations, the parent/guardian or eligible student must submit a written request stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be removed.

3. The right to request the amendment of the student's education records that the parent/ guardian or eligible student believes is inaccurate, irrelevant, or improper.

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be

transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. The right to prohibit the release of directory information.

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Gender
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major Field of study
- Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7. The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

8. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.

9. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington DC 20202-4605

Teacher Qualifications

Parents/guardians may request information about the qualifications of their child's teachers and paraprofessionals, including:

- Whether the teacher has met State certification requirements;
- Whether the teacher is teaching under an emergency permit or other provisional status by which State licensing criteria have been waived;
- The teacher's college major;
- Whether the teacher has any advanced degrees and, if so, the subject of the degrees; and
- Whether any instructional aides or paraprofessionals provide services to your child and, if so, their qualifications.

If you would like to receive any of this information, please contact the district office, 309-734-4712.

Homeless Child's Right to Education

When a child loses permanent housing and becomes a homeless person as defined at law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

(1) continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or

(2) enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

Sex Education Instruction

Students will not be required to take or participate in any class or course in comprehensive sex education if his or her parent or guardian submits a written objection. The parent or guardian's decision will not be the reason for any student discipline, including suspension or expulsion. Nothing in this Section prohibits instruction in sanitation, hygiene or traditional courses in biology.

Parents or guardians may examine the instructional materials to be used in any district sex education class or course.

Parental Involvement (Title I)

The school annually has a meeting for all Parents/Guardians, which takes place during fall parent teacher conferences. You will be contacted by your building principal.

At the meeting, the school will discuss parental involvement, and opportunities for Parents/Guardians to get involved in the education of their children. Parents/Guardians are encouraged to attend the meeting and participate in the discussions that occur. Parents/Guardians should use the meeting as an opportunity to ask questions, make suggestions, and learn about all of the opportunities and programming available for Parents/Guardians to be fully involved in the educational process.

The school and its teachers provide meetings, including parent/teacher conferences, at flexible times to accommodate a variety of parent schedules. Parents/Guardians will be given notice of meeting availability at the beginning of each year, and at least two weeks before conferences or other regularly scheduled meetings, to provide sufficient opportunity to schedule and attend meetings with teachers. Additionally, teachers are available regularly to meet with parents/guardians to discuss the success of their child. Parents/Guardians are encouraged to inquire about available meeting times, and to work with teachers. Parents/Guardians will be involved in an organized and timely way when any programs are created, considered, or altered, and will be continually involved in the ongoing development of programming, curriculum, and policy.

The school provides Parents/Guardians with access to:

- (a) School performance profiles required by Federal law and their child's individual student assessment results, including an interpretation of such results;
- (b) a description and explanation of the curriculum in use at the school, the forms of assessment used to measure student progress, and the proficiency levels students are expected to meet;
- (c) opportunities for regular meetings to formulate suggestions, share experiences with other Parents/Guardians, and participate as appropriate in decisions relating to the education of their children if such Parents/Guardians so desire; and
- (d) timely responses to suggestions.

Everyone is responsible for the success of the students of the school. While the school provides the best education we can, it is critical to the success of students that parents assist us in meeting the goals of education set forth by the state, the federal government and ourselves.

In order to better assist in educating the students, we need the help of all parents and guardians. We ask that you help us educate children by monitoring attendance, homework completion, and television watching; by volunteering in your child's classroom; and participating, as appropriate, in decisions relating to the education of children and positive use of extracurricular time.

The school endeavors to do its best to provide all information in the language best understood by parents and guardians. Questions about language alternatives should be directed to TBD at 734-2222.

Parents/Guardians of participating children have a right to appeal the contents of this policy. The district will submit any parent comments when this plan is submitted to the State. Any questions or concerns should be directed to TBD at 734-2222.

The state's resources on parental involvement can be located at <http://illinoisparents.org/>. The state's website on parental involvement provides information, training, and support for parents and schools on various websites which may be useful or interesting to parents and students, and provides advice and information about how to get involved and participate in the educational process. Resources are provided by search, by county, and by categorical query.

English Language Learners

The school offers opportunities for resident English Language Learners to achieve at ~~develop~~ high levels in academic subjects and to meet the same challenging State standards that all children are expected to meet.

Parents/guardians of English Language Learners will be informed how they can: (1) be involved in the education of their children, and (2) be active participants in assisting their children to attain English proficiency, achieve at higher levels within a well-rounded education, and meet the challenging State academic standards expected of all students.
